LOCATION

London, United Kingdom

SUMMARY

A curious and passionate problem-solver with a strong sense of empathy, committed to accessibility and inclusive design. My work spans UX/CX design across fintech, enterprise and AI, following five earlier years in digital advertising — fast-paced and client-facing work that built adaptability and communication.

EXPERIENCE

Senior Product Designer — J.P. Morgan, Payments Team

London, UK • August 2022 — Present

- Manages multiple initiatives including in-car payments, KYB onboarding, Ring Project, SEPA checkout, SmartPay and Pay by Bank enhancements
- Conducts workshops and user research; designs for mobile, tablet and infotainment systems
- Builds design systems using Google Automotive OS components

Product Designer — QVC

London, UK • April 2021 — July 2022

- Focused on video streaming products: live streaming, forums, onboarding
- Collaborated closely with researchers, developers and product managers

Customer Experience Designer — BT Group

London, UK • January 2020 — April 2021

- Designed end-to-end customer journeys for small business
- Facilitated workshops and defined KPIs

Product Designer — Ordre

London, UK • May — November 2019

- Fashion-tech company; created service blueprints, user journeys, wireframes, prototypes and style guides

Junior UX Designer — Upgrade Pack

London, UK • March — May 2019

- Fintech startup; conducted user research and usability testing

Account Manager — Threepipe

London, UK • April — September 2018

- Managed online media planning campaigns across SEO, Display, Social and PPC channels
